PETITION UNDER 37 C.F.R. 1.182

01 FC:1462

400.00 DP

FOR REPLACEMENT PATENT GRANT

Date: September 2, 2008

Re: Patent No. 7,311,467 Moore, Jr.

Issue Date: 12/25/2007

Filed: 10/1/2003

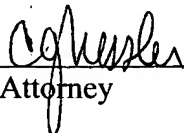

Appl. No. 10/677,770

To: Commissioner of Patents

1. Undersigned attorney Charles Nessler represents that he was prosecuting attorney for the application which resulted in the above referenced patent. He represents that he is acting on behalf of Infiltrator Systems, Inc., assignee, and that it is the assignee of the entire interest in the patent.
2. The original grant copy of the patent is believed to have been received belatedly in January 2008, sometime after the paper copies were received. In accord with routine, it would have been forwarded by first class mail to a designated person at assignee's head office at that time, with a copy of the letter which informed assignee of the issuance and transmitted the copies. However, neither assignee nor attorney can find the patent grant despite diligent efforts. They have waited more than 6 months in the hope the item would turn up, but it has not.
3. Therefore, undersigned and assignee assume and represent the patent grant has been lost in the U.S. postal mail system, and a replacement patent grant is requested.
4. Enclosed is a check for \$400 as fee. Please charge any deficiency, or credit any excess, to deposit account No. 14 0711, with a reference number of 2222.

Respectfully,

INFILTRATOR SYSTEMS, INC.
